We are thrilled to be working with Action Medical Research as our chosen charity for the next 2 years and holding fundraising events across the nursery group.

Action Medical Research make a massive difference to the lives of our babies and children. They are the leading UK-wide charity funding vital research to help sick and disabled babies, children and young people. They have been funding medical breakthroughs since they began in 1952 and almost everyone has been touched in some way by their groundbreaking work like the first polio vaccines in the UK, ultrasound in pregnancy and the rubella vaccine. The research they have funded has helped to save thousands of children's lives and changed many more.

If you would like to find out more about the work they do visit the website www.action.org.uk

We thank you all in anticipation of your support.
